

DemoKIT-SET-1

Travel-ready demo product board

MODEL	DESCRIPTION
DemoKIT-SET-1	DemoKIT-SET-1 is a ready-to-use compact set, consisting of a pre-licensed MAC36PRO, RAC18-IP, and TP-DISP-B in a hardened travel case

APPLICATION AND USE

DemoKIT-SET-1 is a ready-to-use product set containing iSMA-B-MAC36PRO, iSMA-B-SD-PRO, iSMA-B-MAC36PRO-L-DEMO, RAC18-IP, TP-DISP-B devices allowing easy training and testing of iSMA CONTROLLI solutions. The entire set is packed in a specially designed and hardened travel case for safe transportation. The kit also comes with mounting brackets that allow the DemoKIT to be comfortably placed on a table or desk. A universal power adapter with plugs is included, ensuring the DemoKIT's compatibility with EU, US, UK, and AUS power sockets.

FEATURES

- Plug and play experience thanks to a pre-wired, complete configuration
- Pre-licensed with iSMA-B-MAC36PRO-L-DEMO demo license
- Travel-ready with a hardened travel case
- Worldwide interoperability with multiple power plugs
- High-quality materials ensure longevity of the set

KIT'S CONTENTS

- iSMA-B-MAC36PRO
- iSMA-B-SD-PRO
- iSMA-B-MAC36PRO-L-DEMO
- RAC18-IP
- TP-DISP-B
- Connecting wires
- Dedicated plexiglass board with mounting brackets
- Travel case

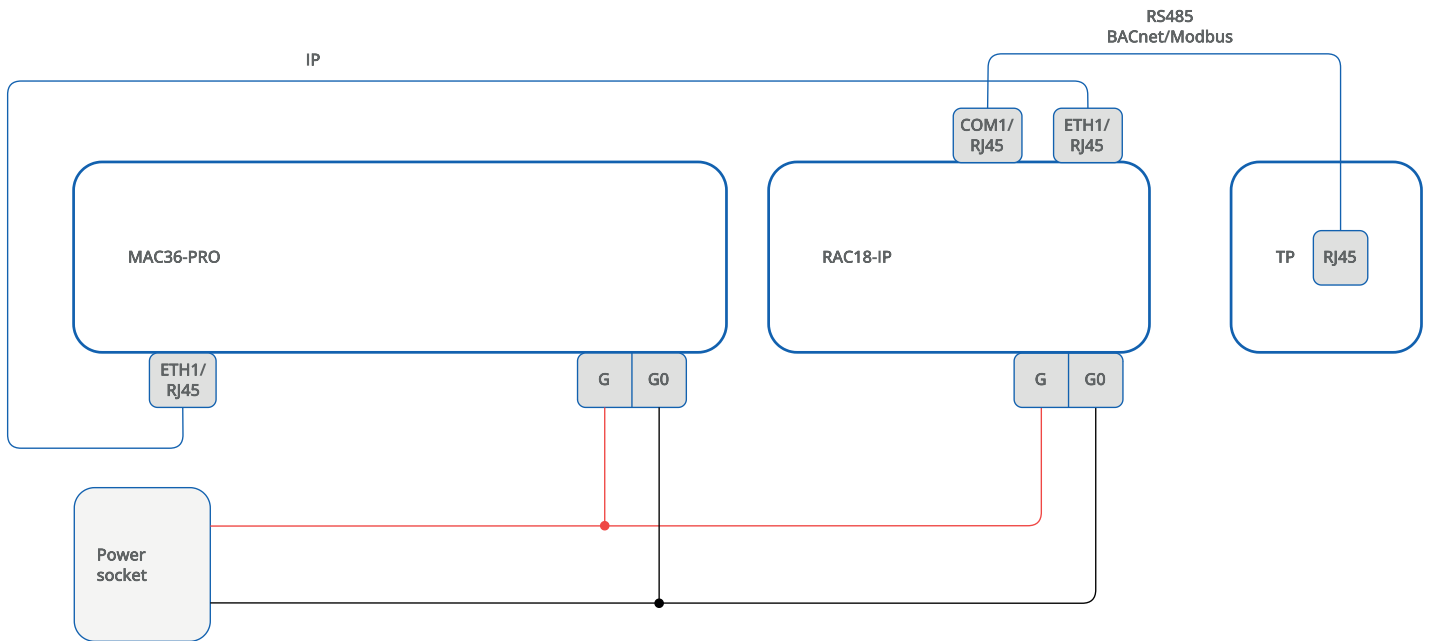

TECHNICAL SPECIFICATION

DESCRIPTION		POWER ADAPTER
Model		SYS1888-1824
Plugs		EU, USA, UK, AUS
Voltage		24 V DC
Max. power		18 W
Load		0-0.75 A
Input	Voltage	90-264 V AC
	Frequency	50-60 Hz
Protection	Protection class	II

The performances stated in this sheet can be modified without any prior notice.

DESCRIPTION		POWER ADAPTER
Temperature	Operating	From 0°C to +40°C (32°F to 104°F)
	Storage	From -20°C to +80°C (-4°F to 176°F)
Humidity	Relative	From 8% to 90% RH (without condensation)
Housing	Material	Plastic, self-extinguishing ABS
Dimension	Length	1.37 m/4.5 ft
